Call to Artists

Art in the Dark! — A Black Light Art Show

Step into the glow at Art in the Dark!, a vibrant exhibition where art takes on a whole new life under black light. The Tehama County Arts Council gallery will be transformed into a UV-lit experience filled with fluorescent colors, glowing details, unexpected effects, and artwork created to shine in the dark.

Artists are invited to experiment with UV-reactive and fluorescent paints, neon colors, mixed media, sculpture, fiber art, and other creative materials that glow, reflect, transform, or reveal something unexpected beneath black light.

From bold and electric to strange, whimsical, mysterious, and completely unexpected, Art in the Dark! is all about experimenting, playing with light and color, and seeing what happens when the lights go out.

Make it bright. Make it bold. Make it glow!
