

## Call to Artists July 2026 Show

### Sea's The Day

Sea's the Day invites artists and the community to dive into the beauty, mystery, and power of the ocean. This exhibit celebrates the rhythms of water, the wonder of marine life, and the call to protect our blue planet.

From serene coastal scenes and playful beach memories to bold explorations of ocean conservation and climate impact, this show encourages us to reflect on our relationship with the sea—whether it's a place of adventure, healing, or inspiration.

Let the tide of creativity carry you away as you explore art that makes waves and sparks meaningful thought.
