

Tehama Arts Council has been given a unique and wonderful opportunity to share funds for the arts with members of our community disproportionately affected by Covid - 19. These funds were delegated to the California Arts Council by the National Endowment for the Arts and are intended to be used by arts and cultural community groups who serve communities of color and those who may have been impacted disproportionately by the pandemic.

Funding is being awarded in an amount up to \$1000 through an application process. The application deadline is September 30th, 2020. Please keep in mind that ALL applications must be received no later than this date. If you choose to submit your application by mail, be sure to send it in early as the postmark will not meet the deadline requirement.
