

# MAY 2025 SHOW

## TACTILE DIMENSIONS- THE ART OF TEXTURE AND SPACE

Think fiber! Think about how fibers can be woven into shapes. Dyed incredible colors. Rearranged into a multitude of shapes. Think about how fibers can be braided, twisted, knitted, crocheted, knotted into forms and creations used in everyday life. Think about the fibers in wood, giving us both rough and smooth surfaces to touch. Think about all the textures we touch. Some smooth. Some pokey. Think about layering textures to create more textures. Think about trying to copy or imitate the textures around us. This show will have quilts, smaller than 24" wide; painted, woven, macrame and textured art works; and photos and paintings showing texture and fibers.

- ALL MEDIUMS ACCEPTED, BOTH 2D AND 3D
- 20% COMMISSION ON SALES FOR TCAC
